## WELCOME TO OUR SITE

On arriving at the site, please use this map to guide you to the parking areas. Once parked, the map will help you to familiarise yourself with the layout of the site and acts as a reference for all the useful information that you will need.

### CAMPERVANS

**Check in:** after 1pm **Check out:** before midday

Please respect other guests and arrive quietly if you are arriving late.

Please park up in your numbered hard standing area and confirm which number before arrival if possible. Most electric hook up points are in the upper campground unless you have a larger campervan where we'll place you in the lower parking area by the site entrance to use points 7 or 8.

If you do not need a hookup we recommend parking higher up the campsite to avoid obstructing the view for tents. It is a very short walk to the facilities and the recycling point.

We can only accept campervans over 6m in length with prior arrangement.

### CAMPING

**Check in:** after 1pm **Check out:** before midday

Pitch up in either the lower or upper campground, there are levelled pitches. I recommend tents to pitch close to the sea view side of the campsite to avoid obstructions to your view.

It is a very short walk to the facilities and the recycling point.

**Dogs:** please keep your dogs on leads at all times whilst on the campsite, we have ducks, chickens and a couple of Kune Kune pigs. Dogs must not be let off their leads on Orkney anywhere near livestock. The fields behind the house and campsite which are signed, are not for dogs due to being protected areas for wildlife and livestock.
